

Page Altered Book Assignment

The altered book assignment or humument is created from a page or pages from a text in order to alter the meaning to match a theme desired by the reader. Choose two page spread from one of the texts for the course (*The Quest for Environmental Justice*, *Fresh Food and Broken Bodies*, or *Epitaph for a Peach*). Copy the two pages (either consecutive or non-consecutive pages) in order to make a one-page photocopy.

In an altered book—you use any type of art materials (collage, paint, marker) to block out the unwanted words and keep the words you want to tell your own message. The kept words should make sentences and poems.

Choose one or several from the following themes for this altered book page:

- The expanded environmental justice framework (Schlosberg)
- Environmental racism
- Ecological citizenship

Write 2-3 paragraphs to describe your altered book piece and its message and how it compares to what is actually the author’s intent for the content of the page.

Scan the result or take photo and upload to the dropbox.
